Innovations in Cardiovascular Nursing 2016

PROGRAM DESCRIPTION
This course is a tribute to our friend and colleague, Denise L. Carrabine, RN. Denise was a member of the Coronary Care staff at Akron General Medical Center from 1983 until 1992. Her dedication to learning and love of cardiology inspired the establishment of this annual conference in her memory. Our heartfelt thanks goes to the Carrabine family, the Akron General Foundation, Akron General Department of Nursing Professional Development, Akron General Heart & Vascular Center and our many other supporters named in the syllabus for their support of this annual event.

COURSE CONTENT
Upon completion of this educational activity, healthcare providers will be updated and knowledgeable of new evidence, trends and challenges in healthcare related to cardiovascular care of patients.

REGISTRATION INFORMATION
The registration fee is $65, $50 for Cleveland Clinic & Akron General Health System employees, and $25 for a Student (pre-licensure). Registration fee covers course materials, continental breakfast, lunch, breaks and parking. Payment of registration fee is due in full by Feb. 1, 2016. After Feb. 1, the fee is $75. No refunds for cancellations after Feb. 1. Online registration is available after January 2nd at akrongeneral.org/cvnursing. For more information, please call 330.344.7760.

4125 Medina Road, Akron OH 44333
For directions, call 330.344.2900.

The 23rd Annual Denise L. Carrabine, RN, Memorial Lecture

WEAR RED
Once again, we wish to show our solidarity with two national awareness campaigns focused on research, treatment and prevention of cardiovascular disease.

In 2003, the National Heart, Lung and Blood Institute (NHLBI) began its program designed to make women aware that heart disease is a major health concern through their “Heart Truth” campaign. The red dress became our national symbol to build awareness that women are at risk for heart disease.

In 2004, The American Heart Association joined the NHLBI and promoted the “Go Red” campaign to help acknowledge that heart disease is the number one cause of death among women. Akron General is proud to support The American Heart Association’s Go Red for Women movement.

This will be our 12th year to join the national campaigns uniting to “Wear Red.” At our conference, be an advocate for yourself, your family, friends and patients. Take action and prevent cardiovascular disease. Let everyone know that cardiovascular disease is a major health risk for all of us.

Join us on Thursday, February 11, 2016! Learn and celebrate nursing and cardiovascular health advances.
